

**Primary Health Network** is accepting bids for the following water runoff/parking lot repair, with the scope of work outlined below:

**Location: Petroleum Valley Medical Center, 296 Church Street Petrolia PA, 16050**

The primary care office located at the address above has a water runoff/drainage issue from the hillside to the west (behind) the site. An adequate drainage system needs to be added between the base of the hill and the parking lot to accommodate water runoff.

Additionally, the entire parking area needs to be resurfaced and striped. The parking lot would need to be edge milled prior to top layer being put down. The square footage of the area is approximately 20,000 sq ft.

### **Details**

This work may be performed during business hours if the work can be scheduled to avoid impact to the operation of the primary care and pharmacy located within the building. If operations will be impacted by the project, the project **must** be completed during off hours and on the weekend.

**Ariel imagery of the location is on page 2.**
